1.1 The Trust recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to effective overall management. Records provide evidence for protecting the legal rights and interests of the Trust, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

1.1.2 Responsibilities

1.1.3 Relationships with existing policies

## **2 SCOPE OF THE POLICY**

2.1 This policy applies to all records created, received or maintained by staff of the Trust in the course of carrying out its functions.

2.2 Records are defined as all those documents which facilitate the business carried out by the Trust and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.

2.3 A small percentage of the Trust's records may be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the County Archives Service.

## **3 RESPONSIBILITIES**

3.1 The Trust has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Data Protection Officer.

3.2 The person responsible for records management in the Trust will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. They will also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.

3.3 Individual employees must ensure that records for which they are responsible are accurate and are maintained and disposed of in accordance with the Trust's records management guidelines.

## **4 RELATIONSHIP WITH EXISTING POLICIES**

This policy has been drawn up within the context of:

### **5.3 Other documentation (Standard Disposal)**

- 5.3.1 Other documentation can be deleted or placed in recycling bins where appropriate.

### **5.4 Automatic deletion**

- 5.4.1 Certain information will be automatically archived by the computer systems. Should you want to retrieve any information, or prevent this happening in a particular circumstance, please contact the ICT lead in your academy or the Director of ICT for the Trust.

### **5.5 Individual responsibility**

- 5.5.1 This should be made available for collection in the confidential waste bins or sacks or shredded through an assessed compliant data disposal organisation
- 5.5.2 Has the information come to the end of its useful life?
- 5.5.3 Is there a legal requirement to keep this information or document for a set period?
- 5.5.4 Would the information be likely to be needed in the case of any legal proceedings? In particular, is it potentially relevant to an historic child abuse enquiry? (Is the information contentious, does it relate to an incident that could potentially give rise to proceedings?)
- 5.5.5 Would the document be useful for the organisation as a precedent, learning document, or for performance management processes?

5.5.6 Is the document of historic or statistical significance?

5.5.7 If the decision is made to keep the document, this must be referred to the Data Protection Officer via the Data Protection Lead of an individual academy and reasons given.
