Upper Middle Quartile	21.3%		78.7%	
Upper Quartile	37.2%		62.8%	

Statement

While the pay gap appears significant, these figures need to be understood in the context of the employee demographics. Female employees make up almost 80% of the workforce overall, and there is a substantial gender skew in lower salaried support staff roles which are historically predominantly occupied by females, such as lunchtime supervisors, cleaners, catering staff and teaching assistants. Occupational pay differences therefore significantly impact on this data.

The Wade Deacon Trust is committed to the promotion of equal opportunity and supports the fair treatment of all staff irrespective of gender through our transparent recruitment processes, pay policy and professional development. All our posts are aligned to nationally agreed pay scales, and our male and female staff are paid within the same pay band for the same job role. Teaching staff are paid in line with the School Teachers Pay and Conditions Document. Support staff are paid using the National Joint Council for Local Government Services pay scale. Staff progress through their grade based on transparent criteria, irrespective of gender.

No bonuses were paid to any staff within the Trust.
